

Presentations Workshops

Pre-School, Primary and Secondary

Enthralling, Inspiring, Involving

English Dances

Option 1:

**Workshop language: German
for normal school use**

Experience many dances: Longways, Mixer, Circle formations – danced to energetic English jigs, reels, polkas, marches. All dances can be used in school.

Introduction: Lots of tips and tricks and thoughts for the school practice

Approach: Joining-in with a swing; Everyone can immediately take part as there are no steps to learn – just walk, hop, skip, jump, as you wish. Result: Development of music and rhythm, feeling, lots of fun.

Option 2:

**Workshop language:
all or mostly English**

English dances are ideal for use in the early learning of English.

The great attraction is that actions and dance figures can be seen, understood and danced and therefore the English language, which is initially an accompaniment, is always understood. This enables each and every child to experience success in English and furthers their learning of the English language.

In brief:

Fun with dancing combined with intuitive language learning.

Andy Reed
Author, English Trainer, Entertainer, Caller.

In-service Teacher Trainer for Effective Learning, English, Mathematics and Dance
For Pre-school, Primary and Secondary; approx. 40 units per year since 2004
